Health Net Ruby (HMO) H6815-003-003

Lane County, OR

This booklet provides you with a summary of what we cover and your cost-sharing responsibilities. It does not list every service that we cover or list every limitation or exclusion. To get a complete list of services we cover, please call us at the number listed on the last page and ask for the “Evidence of Coverage” (EOC), or you may access the EOC on our website at [or.healthnetadvantage.com](http://or.healthnetadvantage.com).

You are eligible to enroll in Health Net Ruby (HMO) if:

- You are entitled to Medicare Part A and enrolled in Medicare Part B. Members must continue to pay their Medicare Part B premium if not otherwise paid for under Medicaid or by another third party.
- You must be a United States citizen, or are lawfully present in the United States and permanently reside in the service area of the plan (in other words, your permanent residence is within one of the Health Net Ruby (HMO) area counties). Our service area includes the following county in Oregon: Lane.
- You do not have end-stage renal disease (ESRD). (Exceptions may apply for individuals who develop ESRD while enrolled in a Health Net commercial or group health plan, or a Medicaid plan.)

The Health Net Ruby (HMO) plan gives you access to our network of highly skilled medical providers in your area. You can look forward to choosing a primary care provider (PCP) to work with you and coordinate your care. You can ask for a current provider directory or, for an up-to-date list of network providers, visit [or.healthnetadvantage.com](http://or.healthnetadvantage.com). (Please note that, except for emergency care, urgently needed care when you are out of the network, out-of-area dialysis services, and cases in which our plan authorizes use of out-of-network providers, if you obtain medical care from out-of-plan providers, neither Medicare nor Health Net Ruby (HMO) will be responsible for the costs.)

This Health Net Ruby (HMO) plan also includes Part D coverage, which provides you with the ease of having both your medical and prescription drug needs coordinated through a single convenient source.
