Important message about what you pay for vaccines:

Our plan covers most Part D vaccines at no cost to you, even if you haven't paid your deductible. Call Customer Service for more information.

Important message about what you pay for insulin:

You won't pay more than \$35 for a one-month supply of each insulin product covered by our plan, no matter what cost-sharing tier it's on, even if you haven't paid your deductible.

Cost sharing changes when you enter another stage of the Part D benefit

You begin in the deductible stage when you fill your first prescription of the year. During this stage, you pay the full cost of your drugs until you have paid \$225 (waived on Tier 1, Tier 2 and Tier 7) for your drugs.

Cost sharing amounts are the same when received from network retail, mail-order, and home infusion pharmacies as well as if you reside in a long-term care facility. You may get up to a 31-day supply of drugs from an out-of-network pharmacy, but you will pay more than you pay at a network pharmacy.

During the coverage gap stage, you pay 25% of the cost for generic or brand name drugs.

During the catastrophic coverage stage, you pay the greater of 5% or \$4.15 copay for generic drugs and \$10.35 copay for all other drugs.
