## **Which doctors, hospitals, and pharmacies can I use?**

Regence MedAdvantage + Rx Primary (PPO) has a network of doctors, hospitals, pharmacies, and other providers. With this plan, you have the freedom to enjoy nationwide access to care at in-network costs when you visit any provider participating in the Blue Medicare Advantage PPO Network Sharing Program. Plus, you have the flexibility to visit any provider nationwide who accepts Medicare. You may pay a higher copay or coinsurance when you see an out-of-network provider.

Go to our website at [regence.com/medicare](https://www.regence.com/medicare) to search for a network provider or pharmacy using the online directories. You can also view the plan Drug List (Formulary) to see what drugs are covered and if there are any restrictions.

When reviewing the following charts, you'll see the cost differences for in-network vs. out-of-network care and services. You must generally use network pharmacies to fill your prescriptions for covered Part D drugs.

## Prescription drugs

Our plan groups each medication into one of five "tiers." You will need to use your formulary to locate what tier your drug is on to determine how much it will cost you.

You may pay more than your copay or coinsurance amount if you get drugs from an out-of-network pharmacy. Long-term care facility residents pay the same as at a standard retail pharmacy and are limited to a 31-day supply.

<b>Annual prescription (Part D) deductible stage</b>	\$0 for Tiers 1 and 2, Tiers 3 and 4 insulins, and most vaccines \$200 for Tiers 3, 4 and 5

### **Supplemental drug coverage**

Tier 1 - Preferred Generics include coverage for prescribed folic acid, vitamin B12, vitamin D and erectile dysfunction drugs. You pay the Initial coverage cost share during the Catastrophic coverage stage.

### **Insulin**

You won't pay more than \$35 for a 30-day supply or \$105 for a 100-day supply for covered insulin products regardless of the cost-sharing tier, even if you haven't paid your deductible.

### **Part D vaccine**

Our plan covers most adult Part D vaccines at no cost to you, even if you haven't paid your deductible.

**Coverage gap stage** (the amount you pay after you **and** your plan have paid \$5,030 for covered drugs)

---

After you enter the Coverage gap, you pay 25% of the plan's cost for covered brand name drugs, and 25% of the plan's cost for covered generic drugs until your costs total \$8,000, which is the end of the Coverage gap.

You pay covered insulin products at the Initial coverage cost share during the Coverage gap stage.

**Catastrophic coverage stage** (the amount you pay after **your** total out-of-pocket costs reach \$8,000)

---

After your yearly out-of-pocket drug costs reach \$8,000, you pay nothing.

## Pre-enrollment checklist

Before making an enrollment decision, it is important that you fully understand our benefits and rules. If you have any questions, you can call and speak to a customer service representative at **1-800-541-8981**.

### Understanding the Benefits

- The Evidence of Coverage (EOC) provides a complete list of all coverage and services. It is important to review plan coverage, costs, and benefits before you enroll. Visit [regence.com/medicare](https://regence.com/medicare) or call **1-800-541-8981** to view a copy of the EOC.
- Review the provider directory (or ask your doctor) to make sure the doctors you see now are in the network. If they are not listed, it means you will likely have to select a new doctor.
- Review the pharmacy directory to make sure the pharmacy you use for any prescription medicine is in the network. If the pharmacy is not listed, you will likely have to select a new pharmacy for your prescriptions.
- Review the formulary to make sure your drugs are covered.

### Understanding Important Rules

- In addition to your monthly plan premium, you must continue to pay your Medicare Part B premium. This premium is normally taken out of your Social Security check each month.
- Your current health care coverage will end once your new Medicare coverage starts. For example, if you are in Tricare or a Medicare plan, you will no longer receive benefits from that plan once your new coverage starts.
- Benefits, premiums and/or copayments/ coinsurance may change on January 1, 2025.
- Our plan allows you to see providers outside of our network (non-contracted providers). However, while we will pay for covered services provided by a non-contracted provider, the provider must agree to treat you. Except in emergency or urgent situations, non-contracted providers may deny care. In addition, you will pay a higher co-pay for services received by non-contracted providers.
